***What you need to know about your donation and our commitment**

100% of all project-designated gifts ("restricted" donations) go directly to HORCO Ethiopia to implement the project. This is made possible by donors who in addition to wanting to support projects, also realize that we will have administrative and fund-raising expenses. Their "unrestricted" gifts to our **General Fund** help to support the administrative and fund-raising expenses of HORCO Canada.

Spending of funds is confined to Board-approved programs and projects. Each restricted contribution designated towards a Board-approved program or project will be used as designated with the understanding that when the need for such a program or project has been met, or cannot be completed for any reason determined by the Board, the remaining restricted contributions designated for such program or project will be used to support another Board-approved program or project.

Your information will not be shared with other agencies and we will not solicit additional funds from you throughout the year. We will send you information about a new project next year. Annual reports will be published on the website.
